About Me

I am a second/year university student majoring in computer scinece with a strong passion for learning and problem solving.Also i posses outstanding proficiency in mathematical and scientific domains, coupled witha comprehensive understanding of programming languages, such as C++, Java, and sql. Additionally, I have a strong command of graphic design and proficiency in HTML.

Experience

Intern as a web developer
March 2024-April 2024

At prodigy infoTech

During my tenure as a Web Development Intern, I spearheaded the creation of four sophisticated web projects utilizing HTML, CSS, and JavaScript. My contributions were recognized with a certificate of completion and a commendatory letter of recommendation from my supervisor.
